Property Description

Uncompromised privacy and an intimate connection with nature are the hallmarks of this 25-acre property located in one of Dominical's finest gated communities. Guapil Tropical Estates is a 300-acre development with just 20 estate-sized lots and a 100-acre private reserve at the summit of the development. There is a security gate at the bottom of the mountain (only 1 way in and 1 way out), the internal roads are in great condition, several beautiful creeks traverse the development, and being inside the community is like entering a beautiful rainforest park. Casa Naturaleza represents a rare purchase opportunity and sits at the end of a quiet, side road. The approach to the property is very impressive, passing several-hundred-year-old trees and a crystal clear year-round stream. The main house was FULLY remodeled in 2019 with most all of the fixtures, finishes, and furniture being brand new.
