Property Description

We have the square meters of warehouse and parking that you need in both the General Warehouse and the Free Trade Zone. Excellent location. Some warehouses have super flat floors (specification FF100-FL 50), this flatness is very important for storing merchandise above 8 meters in height. With a height at the elbow of 10.50 meters, 12.5 meters and up to 20 meters. All of them are rented with racks included for those who need them or without them for those who do not require them. All have 3 doors for every 12.2 meters of width to the warehouse, including neoprene seals, hydraulic brakes and levelers. At least one ramp. Wet network with sprinklers and or cabinets. The prices per m2 will depend on what is required and the height of the warehouse range from \$7.5 per m2 to \$9.5 per m2 per month plus VAT if it is in the Industrial Park and without VAT if it is in the Free Trade Zone. A large and sufficient maneuvering yard of 40 meters so that the containers can have sufficient turning range at no cost to the client.
