Property Description

This beautiful house is located in a small gated community. A modern style construction, with the necessary spaces in each room. The house has 3 large bedrooms, and an additional slightly smaller room for visitors, each room has its own bathroom. The house has a large living room, dining room and kitchen in an open concept that is spectacular due to its large windows that not only allow in light but also allow you to appreciate the incredible view that the location of this beautiful house offers. Each room has air conditioning and fans so you can choose what you like best. The entire house has high, handcrafted and beautiful ceilings. It has an office and laundry room with adequate spaces for your comfort. The house has a smart lighting system, which you can easily use from an application on your phone. It has a terrace in the back, ideal for sitting and enjoying the mornings and afternoons, having a coffee, reading a book, enjoying the rain, whatever you want to do, it is simply a perfect area for anything.
